Welcome to the world of Java! In this challenge, we practice printing to stdout.

The code stubs in your editor declare a *Solution* class and a *main* method. Complete the *main* method by copying the two lines of code below and pasting them inside the body of your *main* method.

```java
System.out.println("Hello, World.");
System.out.println("Hello, Java.");
```

Input Format

There is no input for this challenge.

Output Format

You must print two lines of output:

1. Print `Hello, World.` on the first line.

2. Print `Hello, Java.` on the second line.

Sample Output

```
Hello, World.
Hello, Java.
```
